

Two Day Mental Health First Aid

What is Mental Health First Aid?

Mental Health First Aid (MHFA) is an internationally recognised training course which teaches people how to spot the signs and symptoms of mental ill health and provide help on a first aid basis.

MHFA won't teach you to be a therapist, but just like physical first aid, it will teach you to listen, reassure and respond, even in a crisis.

Adult MHFA courses are for everyone aged 16 upwards. Every MHFA course is delivered by a quality assured instructor who has attended our Instructor Training programme accredited by the Royal Society for Public Health and is trained to keep people safe and supported while they learn.

How will attending an MHFA course help?

Research and evaluation show that taking part in an MHFA course:

- Raises awareness and mental health literacy
- Reduces stigma around mental ill health
- Boosts knowledge and confidence in dealing with mental health issues
- Promotes early intervention which enables recovery

Course covers:

A practical skills and awareness course designed to give you:

- A deeper understanding of mental health and the factors that can affect people's wellbeing, including your own
- Practical skills to spot the triggers and signs of mental health issues
- Confidence to step in, reassure and support a person in distress
- Enhanced interpersonal skills such as non-judgemental listening
- Knowledge to help someone recover their health by guiding them to appropriate support

Duration:

2 days face to face
4 x 2.5 hour virtual sessions

Certificated:

MHFA England
